

Illustrate Poetic Devices Project

Directions: You will create **five original** examples of poetic techniques (by original I mean that you will not just copy an example out of your notes). You will **list and define** each term that you are exemplifying. And, you will **create an illustration** that will accompany each of your examples.

Terms to Illustrate: onomatopoeia, rhythm, rhyme, repetition, alliteration, and consonance.

Example:

Name of term and definition →

Nicely drawn illustration of the example →

Original example of the term →

Consonance

Repetition of consonant sounds in the middle or at the end of words.

He pointed his **hungry** **finger** of **anger**.

Requirements

- Only define one term for each drawing.
- Illustrations should be neatly sketched or in full color.

- You may work with partners. Two people must complete eight. Three people must complete all eleven.
